

## Joshua Griffith

### Lab 2 Part 1 In lab

#### Question A)

```
/home/jgriffth17
```

#### Question B)

ls now shows csc3320 folder instead of nothing.

#### Question C)

```
pwd
```

#### Question D)

```
mkdir lab2
```

#### Question E)

```
cd lab2
```

#### Question F)

The (>) symbol is the output redirection operator which creates a file here and then gets named during the redirect. Ctrl-d Closes the file

#### Question G)

```
[jgriffth17@gsuad.gsu.edu@snowball lab2]$ cat -n myLab2.txt
1  My name is Joshua Griffith
```
